

### Elixir Mime Workshops and Performances held in Bethlehem, Palestine

JULY—AUGUST 2015

*Working with the community*

We did a 1 day introduction workshop at a conflict resolution center with their volunteers in Bethlehem. Our purpose was to discover ways to use stories in pantomime to communicate ideas and emotions. In these photos we are doing some activities to learn how to use our bodies as a medium of expression.

Workshop with teachers of the deaf and special needs from various parts of Palestine. They were very enthusiastic!
